PROFILE

Highly skilled and experienced software developer with a passion for delivering innovative solutions. With 5 years of experience in ASP.Net Core development and a two of mobile development experience using Flutter, I bring a wealth of technical expertise to the table. Professional in C# and with a deep understanding of machine learning and analysis of complex systems, I have a proven track record of delivering successful projects in popular .NET applications such as WPF and Windows Forms. In addition, my management and organizational skills make me an asset to any team, and I am dedicated to driving project success. My goal is to continue to grow my skills and make a positive impact in a dynamic and challenging work environment
